This notice is in response to your RFAI dated 9/9/2011 regarding our Amended 2010 October Quarterly Report, filed 3/21/2011. The increase in disbursements is not new to this amendment, but merely a reflection of the prior Amended October Quarterly Report, filed 12/2/10. The December amendment reflected an increase in disbursements due to an oversight that led to the failure to include a single disbursement on our original 2010 October Quarterly Report. When I filed the original report, I believed that check, which was disbursed near the last day of the filing period, was disbursed in early October. Later, upon reviewing our bank statements, I realized it was disbursed at the end of Q3 and I amended the report to show the disbursement properly. Therefore, the amended October Quarterly Report is complete and accurately reflects our disbursements. We have also taken additional steps to alleviate this problem for future filings.
